About Us

Since 1992, Avin Brass Components are being recognized as an illustrious manufacturer and supplier of a quality-assured array of Brass Components, Brass Sanitary Fitting, CNG Fitting Valve and Steel Fixtures. Our offered products are developed using quality assured brass and other components in accordance with international quality norms. The raw material used is procured from some of the most authentic vendors of the industry. In order to cater to the individual client requirements, our products are made available in different sizes and grades. Clients widely appreciate products like Brass Components, Etc offered by us for their durability, excellent tensile strength, fine finish and resistance to corrosion.

We have developed a modern manufacturing facility which aids in catering to the urgent and bulk requirements of the clients in a promised time frame. Moreover, a team of diligent personnel has also been appointed at our end which ensures that only flawless products are being delivered at the client's end. These professionals even supervise all the trade-related activities and play a major role in accomplishing the assigned tasks in an efficient manner. Today, we have become the first preference of our associated clients nationally.

We are a dynamic manufacturer and supplier of a profound gamut of the following products:

1. Brass Components
2. Brass sanitary Fitting
3. CNG Fitting Valve
4. Steel Fixtures
