About Us

An ISO 9001:2008 certified company, Brosis International has become countrys credible name in the domain of Entrance Automation & Security Systems, Vehicle Access Control & Monitoring Systems, Rising Bollards, Drop Arm Barriers obtained from Europe. Since the beginning in 2005, we have been indulged in importing, manufacturing, supplying, installation, repair, and maintenance as well as exporting an expansive assortment of our products.

All products are imported from some of the leading European brands. We have achieved some exclusive certifications from our reputed European suppliers under which we get complete support and services. We have based our head office and major operation work in Ludhiana, Punjab, wherein we have developed a sophisticated and ultra-modern infrastructure, spread across an area of 3200 square feet. It houses different departments for manufacturing, quality control, production, research & development, packaging & administrative, warehousing and sales & marketing.

Our experienced client care team assures 24X7 services from all our offices. Besides, we are also backed by a dedicated team of employees to give after online as well as at site sales service support.
