*Makes Your Life Little More Colourful*

## *Company Vision*

"Unity in Diversity" was the slogan chosen when India celebrated fifty years of Independence in 1997, a declaration replete with as much optimism as pride. Stretching from the frozen barrier of the Himalayas to the tropical greenery of Kerala, and from the sacred Ganges to the sands of the Thar desert, the country's boundaries encompass incomparable variety. Walk the streets of any Indian city and you'll rub shoulders with representatives of several of the world's great faiths, a multitude of castes and outcasts, fair-skinned, turbaned Punjabi's and dark-skinned Tamils. You'll also encounter temple rituals that have been performed since the time of the Egyptian Pharaohs, onion-domed mosques erected centuries before the Taj Mahal was ever dreamy of, and quirky echoes of the British Raj on virtually every corner.

Our Stones takes its inspiration from the Indian Culture and Tests.  
Rich, colorful, textured and diverse beyond compare.

Variety is indeed the culture of INDIA.

But Arihant's beyond, Way Beyond.....

ARIHANT STONES which is now a pioneering name in Indian Natural Stone Industry is dedicated towards fulfilling the hopes and aspirations of there thousands of customers across the world. We adopt state of art technology in mining, cutting and manufacturing to fulfill the dreams of our users in Architectural and Construction fields.

Not compromising with the quality, prices and consumer satisfaction is our strength. This has given us a pride place in national and international market. Rising demand in domestic market and growing export are indicative of our deep rooted traditions of doing natural justice with the natural stone. That's why Arihant Stones has now become synonymous to Natural Stone.

Arihant Stones is a name you can trust upon. We believe in building and bonding everlasting relations with our users. This relationship is as natural as our "NATURAL STONE"

## Packaging

**Packaging for all your orders will be as per International Packing Standards. We never ever tried to save cost on wood or other packing materials. We consider that the quality of packing is as important as the quality of product.**

**Slabs Packing**— Slabs' polished surface is also separated individually by plastic sheets to protect against scratches & they are well & strongly packed in wooden pallets

**Tiles Packing** — 10 mm & 12 mm thick modular tiles are first packed in Styrofoam Boxes and are further packed into Wooden Crates. Wooden Crate is fixed and tightened by Iron Strips.

**Large size tiles** (e.g. 60 cm x 30 cm, 60 cm x 40 cm, 60 cm x 60 cm) are directly put into the strong and fresh wooden crates, they are separated individually by plastic sheets to protect against scratches.

We put all six sides thermocol sheet and the plastic sheet to avoid the breakage of corners.

Last but not the least our **virtual inspection practice** provides our family members i.e. our valued customer like you, the **digital images of the material before loading** as well as with the **images of packed container**.

**Blocks** upto 330x220x220 cm

**Random Slabs** upto 300x200 cm

**Cut to size** 30x30cm, 30x60cm, 40x40 cm, 60x40cm, 60x60 cm, 60x90 cm
