About Us

We, Santosh Steel have established ourselves as a trustworthy trader, supplier, wholesaler and distributor of APL APOLLO a remarkable array of Industrial Tubes. The offered array includes Galvanized Iron Tubes, Dynamically Balanced Tubes, API Tubes, Galvanized Iron Tubes, Hollow Sections, MS Black Round Tubes and Pre Galvanized Tubes. The entire offered range is procured from our long associated vendor Aplapallo which falls under Sudesh Group. Our vendor is an ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007 Certified company and thus makes sure to serve us with unmatched quality products. The products like Galvanized Iron Tubes, Dynamically Balanced Tubes, etc we offer to the clients are manufactured using quality-approved steel and other metals at our vendor's premises. Clients widely appreciate the products we offer to them following to their durability, dimensional accuracy, sturdiness and corrosion resistance.

We have constructed a sound and spacious warehousing facility which plays a key role in safe, secured and systematic storage of the procured range. The facility is installed with varied advanced material handling equipment which aids in safe loading and unloading. To manage and control the business related activities, we have appointed a team of competent professionals. These professionals strive day and night to make the associated clients completely satisfied.
