About Us

Apollo Industries has brought forward a wide variety of strong, reliable, and functional pressure cookers. The company was started in 1995 as a prime manufacturer and supplier for developing top-class pressure cookers. We stand out in the industry by offering strain-proof, durable, and affordable pressure cookers for families and commercial kitchens. Our focus to maintain high standards of quality and safety has helped us to be a trusted name in the market.

Incepted in 1995, Apollo Industries has become a major manufacturer and supplier of a wide range of pressure cookers in various capacities. Our company has become a brand that focuses on quality, safety, and innovation. Each Apollo pressure cooker is available with a warranty that speaks for its quality. We are committed to developing a range of products that enhance the culinary making experience.
