About Us

We have been able to attain full client satisfaction as a Supplier, Trader, Exporter and Importer of an unmatched array of products such as Natural Food Flavours, Animal Health Additives, Natural Food Additives, Food Colours, Biscuits Ingredients, Textile Softener, Toxin Binder, Acetic Acid, Biopolishing Enzyme, Processing Aids, Cocoa Powder and more. We provide top quality chemicals to various industries including Food Industry, Animal Health Industry, Textile Industry and Plastic Industry. The offered products are sourced from highly advanced companies who develop these chemicals with complete perfection. These vendors take care of the hygiene while preparing the food chemicals to assure their safe usage. Further, our Additives are highly appreciated by clients for their food grade, purity, long shelf life and ideal concentration.

To store our products, we have developed a large warehouse, equipped with advanced stock management system to protect the chemicals from any harmful factors. Categorical divisions in our warehouse helps us to keep our products in a uniform manner. This facility creates a favorable environment for the preservation of the chemicals. We have a team of highly dedicated and reliable professionals who match every specific requirements of our clients. These professionals work hand-in-hand with our clients to understand their needs and take proper measures to meet the same. A large distribution networks vacs us in delivering the orders of our products.
