About Us

At Shivam Shakti Tools, we have been keeping an eye on the always increasing demands for various different kinds of construction products and meeting them with our unique solutions. Since our company was founded in the year 2000, we have earned a solid reputation as a manufacturer, supplier and trader of the broadest range of construction products. We provide a wide range of goods, including Concrete Chequered Tiles Moulds, Iron Oxide Pigment Color For Paver Block, Plastic Moulds For Paving Block, Plastic Brick Moulds, Tiles Chemical Hardener, Wall Tile Paver Stone Moulds, and many more. Every product we give to customers is of the highest quality. Additionally, we have always put a focus on keeping our product prices reasonable for the benefit of our clients.

Our company, Shivam Shakti Tools, is based in the capital city, New Delhi, Delhi, India, and from here, we have been delivering top-quality products such as Rectangular PVC Pavers Moulds, Interlocking Parking Tile Moulds, High Speed Colour Mixture, Paver Tiles Hardener, Plain Wall Tile Moulds, I Shape Paver Moulds, and many more.

We have always been able to efficiently meet the always increasing demands for our products thanks to our well constructed infrastructure. We have an in-house production facility with top-of-the-line machinery and equipment as part of our infrastructure. We can produce a wide range of high-quality products by utilising all the resources available in our infrastructure. Each batch is thoroughly tested in the infrastructure following the manufacturing process. Our team of professionals seamlessly controls every function within the infrastructure. Additionally, we can quickly deliver orders to customers thanks to our state-of-the-art facilities.
