About Us

Established in 2008, Graphite and Carbon Industries India Private Limited, has become a reputed name in the Indian market. With our head office in Mumbai, Maharashtra, we are recognized in the market as a reliable manufacturer and supplier of Carbon Graphite Bearings, Graphite Powder, Graphite Long Plates, Graphite Electrodes and many more. In addition to these products, we also offer Aluminum Powder For AAC Block at affordable rates. Our bearings are known for their high temperature resistance and our powered form products are recognized for their high purity. We are also supported by a trusted base of vendors who supply us with premium raw materials.

We have achieved a distinguished position in our industry thanks to the profound guidance and constant motivation provided by our mentor, Mr. Ramesh Upadhyay. His vast experience, in-depth knowledge, and unwavering commitment to providing an exceptional customer experience have propelled us to carve out a commendable niche in the market. We are also supported by a large distribution network, which allows us to deliver our products to our valued customers across the country. This network is supervised by our distribution experts with years of experience.

Key Facts
