COMPANY PROFILE

SocClean

Hail Mediproducts Private Limited

Global Excellence Awards 2018 Winner

Awarded as Best Waste Management Equipment Manufacturer

Hail Mediproducts Private Limited has been established in 1997, by a team of professionals. Team has experience of more than 19 years as manufacturers, importers & distributors of medical equipments & Devices. Committed to provide International quality Equipments at reasonable prices, complimented by our efficient & versatile customer support system. Having vast experience & proven track record in Government Supplies. We specialize in Equipments, Instruments, Devices & Disposables used in Bio Medical Waste Management as well as Infection Control.

Liquid Waste
Treatment SystemHypoClean
Automatic

// KEY FEATURES

- Fully Automated Liquid Waste Treatment System.
- Treats & Disposes Medical Liquid waste as per BMW management Guidelines.
- 7" (Inches) Color Display & Touch Screen Control.
- Real-time Level Indicators for Waste & HOCL (Hypochlorous Acid).
- Automatic Dosing of HOCL.
- Automatic pH Value Sensing.
- Audio Visual alarm For Low Levels of HOCL.
- Audio Visual alarm to avoid overflow of waste processing Unit.
- Continuous Treatment Cycle ensures uninterrupted working.
- Regular controlled dosing ensures complete disinfection.
- Automatic Draining of Treated Waste to Sewage Line at regular intervals.
- Elbow operated tap with washing bay.
- Stainless Steel Body of 304 Grade for very long life.
- Chemical resistant and anti-corrosion tanks.
- Tank Capacity 100 Ltrs., 125 Ltrs. and 150 Ltrs. per cycle.
- System manual override in case of emergency.

HypoGen

Disinfectant Generator

SoClean disinfectant Generator HypoGen, generates high quality Hypochlorous Acid (HOCL) which is recognized by the **US-FDA** as one of the most effective alternatives to traditional chemical biocides. It is also proven to be safe for human & Animal health.

It has been scientifically proven to be more than 70 times more powerful than chlorine bleach. HOCL has also been approved in Europe & USA for medical applications.

// KEY FEATURES

Generates Stable HOCL Disinfectant and Degreaser.

Generates using Water, SoClean-B (Pack) & Electricity only.

// EFFICACY

- Broad Spectrum, high level disinfectant.
- Fast Acting, destroys most of the microorganisms in a very short contact time.
- Reduces the turnaround time & increases equipment availability.

HypoGen

Advantages

- Non-Toxic, Non-Carcinogenic, Non-irritant & Non-Hazardous.
- No Cross Contamination risks.
- Non-staining.
- Almost Odor Less.
- Environment Friendly.
- Very Low input cost.

Highly effective against most of the micro-organisms like bacteria, viruses, fungi, mycobacteria & Spores including Corona Viruses.

Utility

- Can be used as Liquid Solution, mist or Ice.
- Treats all types of Surfaces, Air or Liquids.
- Onsite generation ensures 100% efficacy.

Per Liter Cost of working solution is much lower than other high-level disinfectants like Quaternary Ammonium Compounds, Per-oxygenic Acid, Hydrogen Peroxide with Silver, Aldehydes etc.

Applications

Surface disinfection: Equipment, Instruments, Furniture & Fixtures, Walls, floor

Instruments & Devices: Plastic Instruments, Plastic Devices, Catheters, Masks, Ventilator Circuits, Laryngoscope blades.

Fogging: OT Area, MICU/NICU/CCU, Laboratories, Wards, Waiting Area, Labor Rooms.

House Keeping: Laundry & Linen, Mopping.

Kitchen: Washing of Raw Material, Utensils, chopping boards Etc.

Air handling unit: AC Ducts, AC Filters.

Disinfection of Biomedical Waste.
