CONTINENTAL CROWNS AND CLOSURES

ISO 9001:2008 certified Company

Company Profile"Continental Crowns And Closures" came into existence in the year 1978 under the Indian Partnership Act, 1932. Our product range encompasses all metal caps and closures like Lug Caps, Twist Off Lug Cap, Drum Capseals, Printed Drum Capseals, Plain Drum Cap Seals, RO Caps, Aluminium RO Caps, Mason Jar Lids, CT Caps, Press Fit Caps, ROPP Caps, Aluminium ROPP Cap, Crown Cap, Metal Crown Cap and any other metal cap as per specific requirements.

Company Profile

Our products attract demand from both India and abroad. Some of the industries that bring our products into application are oil, chemical, food processing, liquor and pharmaceutical industries. The process of manufacturing of our products is carried out as per the specifications laid down by our clients so that they get maximum satisfaction from our produce.

Our products are manufactured using high grade raw materials that are bought from tried and true vendors. At every step of manufacturing and before the final delivery of products to the clients, all our products are made to go through a rigorous process of quality check and testing. All these quality controls and checks ensure that our produce is of best quality, resistant to corrosion and does not leak.

A major quality that our products offer is that they not only keep food products undamaged but also protect them from contamination by bacteria and germs. If tightly capped or sealed, they also help in preserve their aroma, flavour and freshness of the food. For all these reasons, our crowns and closures are exported to a number of other countries also.

The Range of Products that we Manufacture

- Half Twist Lug Caps/Vacuum seals: Available in sizes 102mm, 82mm Lug Cap, 66mm, 63mm, 58mm, 53mm & 43mm. The 30mm Lug Cap for ketchup bottles is under development; Usage in food processing/Dairy industries for Jams, Cheese spread, Gherkins, Pickles, Dukkah, Mayonnaise, Honey & other allied products.
- 53mm & 70mm Slip Cap (Press fit caps) for glass tumblers (like the Kraft Cheese tumblers. Usage in food processing/Dairy industries for Jams, Cheese spread, honey & other allied products.
- Crown Corks: Available from a fully automatic-SACME make, Italian plant, with a transparent liner/Puff liner inside which ensures excellent pressure retention. Its supposedly the best in the world. Widely used in Beverages Ind./Beer Industries, dairy, food & others
- Capseals/Drumseals: Used in 250 or 300 litres barrels, 20 ltr.
 Drums. Usage in the Lube, Oil, Chemical & Pharma Industries.
- ROPP Caps: Available in 22mm, 25mm, 28mm, 28mm(semi deep), 31.5mm, 38m, 46mm & 53mm; Usage in Pharma, Liquor & food processing industries.
- RO caps or RSNP Caps: Available in Sizes 25mm & 38mm & 70mm;
 Again for the food processing, most of the countries have replaced
 these caps with Lug Caps. Very few countries are using these caps.
 Besides, we can also undertake to manufacture any kind of
 metal bottle closures/caps as per customer requirement.

A Host of Advantages that we offer our Clients

- We procure our basic raw material of Tin Sheets & Printed material from the best possible sources in the International market. This ensures consistent quality of caps backed with a longer shelf life due to specialized metal printing.
- The highly advanced 'CRABTREE TYPE YODOGAWA' Tin printing machine does not only provide high quality printing, but also provides consistent results ensuring that the first cap and the last cap are almost identical in printing.
- We can undertake to develop any size of cap as per customer requirement.

PRODUCTS

Lug Caps

We are a renowned manufacturer and exporter of wide range of **Lug Caps**. We do customization of our wide range of product as per the specification and requirements of our respected clients.

Drum Capseals

We are a manufacturer and exporter of wide range of **Drum capseals.**These are manufactured as per the specification of the client.
We are manufacturing variants drum capseals one is printed and other is plane.

RO Caps
