

Field	Value
Usage	Electronic Products
Size	2 mm Thickness
Material	Copper
Application	Motor Terminal Connection
Height	Standard
Technique	Molded
Product Type	Epoxy Motor Terminal Block
Surface Treatment	Smooth Finish
Weight	Lightweight
Color	Green
Dimension (LWH)	Customizable
Width	Customizable
Length	Customizable
Coating Type	Epoxy Coated
GSM	Standard
Density	High Density
Shape	Rectangular
Thermal Conductivity	Low
Glass Type	Epoxy Fiberglass
Usage & Applications	Electrical & Electronic Applications
Temperature	Heat Resistant
Thickness	2 Millimeter (mm)
