

Field	Value
Usage	Industrial
Size	1 mm Thickness
Material	Fiberglass
Application	Electrical Insulation
Height	Standard
Technique	Molded / Laminated
Product Type	Fiberglass Plain Sheet
Surface Treatment	Color Coated
Weight	Lightweight
Color	Green
Dimension (LWH)	Customizable
Width	Customizable
Length	Customizable
Coating Type	Color Coated
GSM	1000 GSM (Approx.)
Density	High Density
Shape	Rectangular Sheet
Thermal Conductivity	Low
Glass Type	Fiberglass Glass
Usage & Applications	Industrial & Electrical Applications
Temperature	Heat Resistant
Thickness	1 mm
