About Us

From increased profit margin to incredible weld repeatability, from feasibility to superb weld consistency, such pros has proliferated requirements for welding automation in innumerable industries. Herein at Primo Automation Systems (P) Ltd., we expertly offer tailored and standard solutions to our clients exactly as per their want. Our business erection happened many years back in 1995 and since day one, we have been a bankable preference of clients for sourcing ultimate welding solutions. We realize exact requirements of our customers as a manufacturer and thereby assist them by bringing on front phenomenal solutions.

Our company has uninterruptedly approached by many customers because our design capability helps them to meet their modern requirements for **Valve Seal Welding 2 In 1 Machine, Robotic MIG Welding Machine, SPM Hydraulic Cylinder Welding Machine, etc.** At our corporation, we keep ourselves acquainted with innovative demands of industries and meet all using our expertise.

Why Primo?

- ✿ Our company since the year 1995 has served welding solutions to more than 1000 above businesses.
- ✿ Our enterprise keeps untiring focus on matching industrial norms and standards
- ✿ Our team of qualified workers own superior welding automation process domain knowledge
- ✿ We have acquired our ground in the domain being a supreme welding solution partner in India.
- ✿ We proclaim ourselves as truly one-stop company pertaining to welding solutions

Customers Satisfaction

We are an immensely client-devoted team that has strength to offer supreme post-sales and service support. Herein business, we have a domestic and overseas customers support members that match up customers requirements for SPM Hydraulic Cylinder Welding Machine, Valve Seal Welding 2 In 1 Machine, etc. We have adequate knowledge for giving quality training to the operators. In addition, we can also offer on-demand service support. Our company keeps immense focus when it comes to offering preventive & predictive maintenance support, spare parts support and similar to our interested customers.

Our Products

**Robotic Propeller Shaft
Welding Cell**

**Robotic Welding Automation
Integration System**

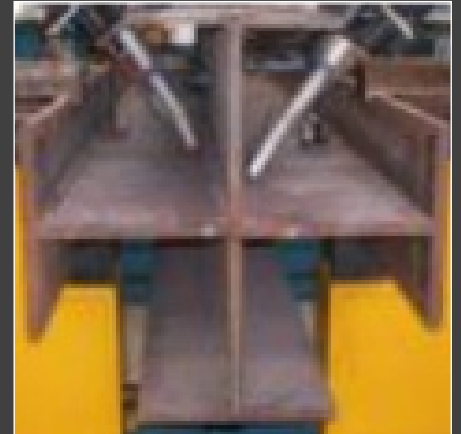

**Excavator Component Robot
Welding Cell**

**PTA Welding Machines
And System**

Valve Seal Welding 2 In 1 Machine

PEB H Beam Welding Line

**Plate Girder Beam Fabrication
System**

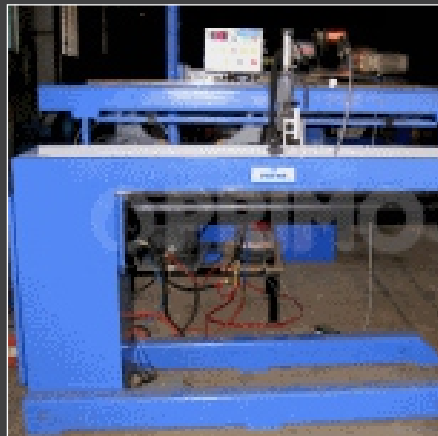

**Railway Bridge Beam
Fabrication Machine**

Beam Drilling Machine

CNC Plate Drilling Machine

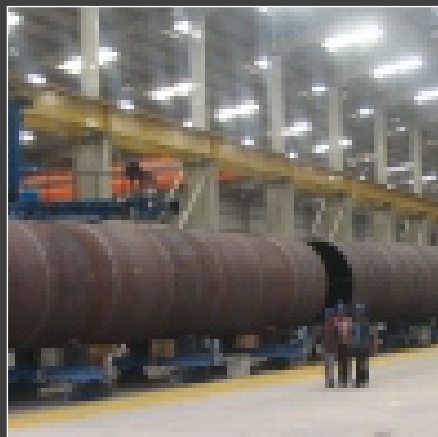

**Linear Welding SPM / Long Seam
Welding Machine**

**SPM Hydraulic Cylinder
Welding Machine**

SPM Welding Machine

**Rotators For Wind Tower
Fabrication Line**

Wind Tower Fabrication Line

**Automatic Hot Wire Tig Welding
Machines And Systems**

**Automatic Overlay Welding
Machines And Systems**

Bogie Frame Welding Manipulator
