About Us

Innova Diesel Generators Pvt. Limited formed in 2005, enjoys a stand among the top manufacturers of MS Acoustic Enclosure, LED Tower Light, TAVAS Electric Loader, CNC Sheet Metal Fabrication, Greaves Diesel Generator, Lighting Tower DG Set, and many other related products. These are manufactured with excellence by skilled workers as per the industry defined quality norms and standards. We know that the demands of customers are diverse and to fulfill all of them, we offer our product-line in many sizes, models and technical specifications. Our generators are prime choice of customers owing to their magnificent performance, robust construction, durability, and reliability. We also provide professional Generator Maintenance Services to valued customers as a professional service provider.

We are famous in the market for being the Authorized Generator Original Equipment Manufacturers (AGOEM) for Mahindra Powerol Diesel Gensets for Karnataka state. We also get guidance from group company, firm M/s. Professional Diesel Power Engineers, which was formed in the year 1995.
