About Us

With the vision to create value and make a difference, our company, Diya Engineering was established in the year 2008. Within a short span of time, we have earned a good reputation of being a reliable manufacturer, exporter, trader and supplier of quality MS Gratings, Mild Steel Grating, Wire Cable Tray, GP Sheet, Piper, etc. These are manufactured using top grade raw material that are procured from the selected base of vendors of the market. Further, we carry every process of manufacturing with immense preciseness. In addition, we are also a service provider of Structure General Fabrication, Platform General Fabrication, New Resort Fabrication, On Site Fabrication, and Hot Dip Galvanizing Services. As a result of our dedication towards quality, our products are known for their corrosion-proof nature, tough and sturdy construction, heat resistant and durability. Moreover, since these are made up of strong raw material, these are capable of serving efficiently in tough conditions.

Based in Mumbai, Maharashtra, India, we are a renowned manufacturer, exporter, trader and supplier of high quality Earthing Strip ,MS Grating, Wire Cable Tray, GP Sheet, etc., that are known for their corrosion-proof nature, tough and sturdy construction, heat resistant and durability. Apart from that we are also a service provider of Structure General Fabrication, Platform General Fabrication, New Resort Fabrication, On Site Fabrication, Hot Dip Galvanizing Services. Ours is a quality based organization and thus, we use the finest raw material in the production and carry a thorough quality check upon the entire gamut. Further, we are backed by a team of thorough professionals, who ensure that all the requirements of our clients are met to the fullest.
