The most reliable trader of Cutting Tools, Stainless Steel Fasteners, Stainless Steel Nut Bolts, Hose Pipes, and a lot more, is us- Annu Sales Corporation. We are that firm who has marveled in this line of work in a time period of couple of decades. Products we serve are marketed under the brand name Fenner, Nirlon, and Pix. Our continuous thrive to excel at our works, has always led us toward maintaining and working according to attributes that always impresses the customers. We are a company that enjoys support of some of the most reliable vendors, who make sure to fulfill our needs in a timely manner. Consequently, we remain capable to deliver to the respected customers. The first thing on which we emphasize while doing our work, is the quality. The quality of product that we deliver, and the manner by which we do business, we promise that our customers will always be impressed from our end, in every business deal.

If a company fails to plan, then it plans to fails. This is something that is learned by every company, who has not focused on planning, and simultaneously failed. We are a company that bests at its work just because of strategic planning. We set one goal to achieve after a long time, then we emphasize on earning the same by taking small steps towards it. Planning helps in diverting each resource toward achieving the respective goals in most effective and efficient manner. All our employees are required to do the work according to plan, because they know that this is how they will succeed at achieving set objectives.
