## About Us

We at Spark Lifesciences work under the mentorship of Mr. Gaurang Patel (CEO), who have aspirations of leading the markets with supreme quality healthcare products. His experience in the domain has helped us in earning ISO 9001:2008 certification. Today, we are enlisted amongst the most trustful traders and exporters in India who are contributing to the growth & development of the entire sector. Our offered portfolio of products includes Pharmaceutical Injectables, Hair Loss Treatment Medicines, Cosmetic Injection & Dermal Filler Injections, Anti-Viral Drugs, Surgical Products and many more items. Procured from some of the most quality-driven manufacturers, our offerings have heavy demands in the market for their respective quality attributes.

Our organization, being indulged in trading, has its keen focus on customer's convenience and value for money experience. For us, their satisfaction matters the most and we are always stay prepared to go one step ahead to meet their specific requirements. Over the years, we have expanded our network of customers in distinct parts of the world. We possess deep understanding about customer's expectations and employ resources to meet those expectations in a highly efficient manner.

In past 6+ years, we have only worked for the expansion of our vendor network & customer base. Now, we are moving ahead towards bringing a new quality range which is much safer, durable and reliable than traditional products.

## Our Team

We are a team of 25 highly educated professionals who are working in cooperation with each other for pulling out the most impressive teamwork that our domain has ever seen. Being a trading firm, we have managed our procurement & supply processes very productively. Together, we work to save the time and bring out maximum productivity through innovative approaches of work. In fact, the growth & success that we carry is pillared by the great work of our entire team.
