About Us

We at Spark Lifesciences work under the mentorship of Mr. Gaurang Patel (CEO), who have aspirations of leading the markets with supreme quality healthcare products. His experience in the domain has helped us in earning ISO 9001:2008 certification. Today, we are enlisted amongst the most trustful traders and exporters in India who are contributing to the growth & development of the entire sector. Our offered portfolio of products includes Pharmaceutical Injectables, Hair Loss Treatment Medicines, Cosmetic Injection & Dermal Filler Injections, Anti-Viral Drugs, Surgical Products and many more items. Procured from some of the most quality-driven manufacturers, our offerings have heavy demands in the market for their respective quality attributes.

Our organization, being indulged in trading, has its keen focus on customer's convenience and value for money experience. For us, their satisfaction matters the most and we are always stay prepared to go one step ahead to meet their specific requirements. Over the years, we have expanded our network of customers in distinct parts of the world. We possess deep understanding about customer's expectations and employ resources to meet those expectations in a highly efficient manner. In past 6+ years, we have only worked for the expansion of our vendor network & customer base. Now, we are moving ahead towards bringing a new quality range which is much safer, durable and reliable than traditional products.
