

Capping Machine

Our Service, Your Satisfaction

Automatic Air Cooled Induction Wad Sealing Machine, Automatic Augur Type Powder Filling Machine, Automatic Cap Assembling Machine, Automatic Cap Closing Machine, Automatic Double Side Self Adhesive Labeling Machine, Automatic Dual Head Augur Powder Filling Cum Dual Head Screw Capping Machine, Automatic Four Heads Augur Powder Filling Cum Double Heads Screw Capping Machine, Automatic High Speed Gearpump Liquid Filling Machine, etc.

AUTOMATIC HIGH SPEED VIAL ALUMINUM CAP SEALING MACHINE

AUTOMATIC HIGH SPEED ROPP CAPPING MACHINE

AUTOMATIC SCREW CAPPING MACHINE

About Us

Thiyya Technologies Inc. is a well-known name in the sphere of advanced pharmaceutical and packaging machinery, being guided by a set of values, such as precision, hygiene, and efficiency. The company, as a manufacturer, supplier, and exporter, ensures that both production systems and the work processes run smoothly, without any interruptions. Such a narrowed-down strategy on engineering excellence will enable the creation of machinery, which will balance performance and durability and thus suit all different applications of the machinery in the industrial context. Our product line consists of an automatic rotary washing machine, multi-jet vial and ampoule washing machine, powder filling machine, capping machine, and labeling machine.

Every system is carefully designed to make sure that it will handle the products very gently so that the integrity of the products is not compromised and still high throughput is maintained. Focused on flexibility, they can be used across diverse production needs and can be easily fitted into the existing systems. The ease of operation is still at the heart of any solution. The ease of controls and simplified changeover mechanisms minimize downtimes and enable ongoing production processes. All machines are characterized by a combination of high-quality construction and rational design, which guarantees high reliability in the long term and stable performance even in extreme conditions. Our firm is still geared towards developing systems that not only work well but also ensure that manufacturing processes run smoothly.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	measuring cup placement machine,injectable liquid filling machine,injectable powder filling machine,wet glue labelling machine,augur type powder filling machine,spout cap assembling machine,volumetric liquid filling machine,double side sticker labelling machine,bottle labelling machine,sticker labelling machine
No of Staff	10
Year of Establishment	2002
No of Production Lines	1
OEM Service Provided	Yes
Monthly Production Capacity	1cr
ProductRange	measuring cup placement machine,injectable liquid filling machine,injectable powder filling machine,wet glue labelling machine,augur type powder filling machine,spout cap assembling machine,volumetric liquid filling machine,double side sticker labelling machine,bottle labelling machine,sticker labelling machine

Our Products

**Automatic High Speed
Linear Bottle - Vial**

**Semi-Automatic
Rotary Washing**

**Gripper Type
Automatic Rotary Vial**

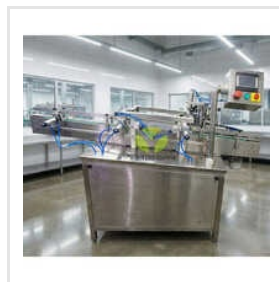

**Automatic High Speed
Linear Bottle Washing**

**Automatic Linear Airjet
And Vacuum Bottle**

**Multi-Jet Vial -
Ampoule Washing**

**Inverter Type
Automatic Airjet And**

**Semi - Automatic
Single Head Ropp -**

**Automatic Single Head
Inner Plug Pressing**

**Automatic Air Cooled
Induction Wad Sealing**

**Heavy Duty Automatic
Rotary-Linear Type**

**Automatic Single Head
Rotary Lug Cap Sealing**

**Automatic Four Heads
Augur Powder Filling**

**Semi Automatic Augur
Type Powder Filling**

**Automatic Injectable
Powder Filling Cum**

**Screw Capping
Machine**
