

Glass Cloth Adhesive Tape Class F

**GLASS CLOTH
ADHESIVE TAPE**

CLASS F

High performance Glass Cloth Adhesive Tape Class F designed for electrical insulation and high temperature applications.

- CLASS F INSULATION**
155°C Temperature Rating
- HIGH DIELECTRIC STRENGTH**
Excellent Electrical Insulation
- STRONG & DURABLE**
High Tensile Strength and Puncture Resistant
- SUPERIOR ADHESION**
Strong Adhesive for Secure Bonding
- FLAME RETARDANT**
Resistant to Flame and Harsh Conditions

HEAT RESISTANT **ELECTRICAL INSULATION** **GLASS CLOTH** **RELIABLE PERFORMANCE**

CLASS F – 155°C | Ideal for Motors, Transformers, Coils, Capacitors & Electrical Insulation

MADE IN INDIA

Product Overview

Glass Cloth Adhesive Tape Class F is a premium heat resistant electrical insulation tape suitable for transformers, motors, generators, coils and industrial insulation applications. It provides excellent adhesion, dielectric strength, abrasion resistance and long service life.
