About Us

We have established ourselves as a highly reliable exporter, manufacturer, supplier and trader of an unmatched array of products that include Herbal Extracts, API, Lab & Industrial Chemicals, Intermediates and more. We are also a service provider offering Sourcing Services, Custom Synthesis, Formulations & Contract Manufacturing, Dossiers Services, etc., to our clients. Since our inception, we have established firm associations with a base of companies specializing both in manufacturing and the research of ingredients used in various pharmaceutical applications. Also, we implement innovative chemical processing methods to develop high-class chemical compounds such as Azithromycin, Erythritol, Artemether etc. Further, our Lab & Industrial Chemicals have a huge demand in the marketplace owing to their precise pH value, high efficacy, long shelf life, accurate composition and purity.

Operating from an industrial location in Gurgaon, Haryana, India, AVANSCURE LIFESCIENCES PVT. LTD are a exporter, manufacturer, supplier and trader of Lab & Industrial Chemicals, Intermediates, such as Xanthan Gum, Sulbactam Sodium Sterile, Pregabalin Powder, Tacrolimus Pellets, Aclidinium Bromide, etc. Also, we are a reliable service provider offering Formulations & Contract Manufacturing, Custom Synthesis, and varied services. We have a highly advanced infra and a team of hardworking professionals to take our business to the top of the hierarchy. Also, we have a worldwide distribution network for reaching every part of the globe. We have a highly advanced chemical processing unit which is equipped with modern technology machines and tools for the hassle-free chemical processing and production. All the installed machines are properly inspected to assure about their working state and service them properly to attain high productivity. Owing to this, we have been able to lower our cost of production and supply products at lower prices and with complete perfection. We have a goal focused and client oriented team which works collaboratively to perform all the business transactions in a reliable and time-efficient manner.

As a quality focused firm, all our efforts are dedicated towards managing the quality of our Acetazolamide, Amiodarone Hydrochloride, Bethanechol chloride, Bosentan Hydrate, Propafenone HCL and many more. The offered array of chemicals passes a highly stringent quality checking process to assure flawlessness. We have a team of expert quality analysts who monitor and control our chemical processing activities. Some of the parameters on which we evaluate our products like Veterinary Drugs, Intermediates, Drug Impurities, API, Lab & Industrial Chemicals etc, include purity, shelf life, ideal reactivity level, effectiveness, and more.
