About Us

Our business entity, AVS Cables & Compound Industries, is a prime manufacturer and supplier of Reprocessed Cable Grade, Reprocessed PVC Compound, Black PVC Compound, PVC Compounds, Plastic Dana, PVC Polymers and a lot more. Our offered range of products is used by manufacturing industries for the production of their offered products. The skilled workforce of our company produce these products by using high grade quality raw material, which is sourced from the trusted merchants in the market. They design all our offerings with utmost precision and do not give any chance of complaint to our customers. Our workers use machines that are highly advanced and upgraded as per the market demands. They give their best in making our entire range of assortment the best in class. Due to our product's high tensile strength and hardness, these are demanded in the market.

Established in the year 1985, our organization, AVS Cables & Compound Industries, is situated in Delhi (India). Our enterprise deals in a wide variety of PVC Polymers, Plastic Dana, Reprocessed Cable Grade, Wires, Cables, etc. All our offered products are processed under the guidance of our team of professionals. They ensure that each and every item is quality assured. The quality that we deliver to our valuable customers in the form of our offered items is unmatched. Other than quality, customers prefer to associate with us for affordable prices, ethical business practices and client centric approach.
