## About Us

We, Shakti Industries, are a dynamic business organization laid the foundation stone in the year 2006. Our company has been growing ever since its incorporation and henceforth, has been able to garner a respectable position as a Manufacturer, Exporter and Supplier. The wide variety of packaging items that we deal in includes Paper Cores, Paper Tube, Plastic Plug, Corrugated Boxes and many more. Our products find their application in flexo and packaging industries.

For packaging of various sorts of goods both fragile and hard these packaging materials are used especially the corrugated boxes. The cushioning feature, strong load bearing capacity and heat & water resistant attributes of the corrugated boxes helps in keeping the products safe. Being concerned about both quality and environment we use only premium quality and recyclable raw materials like PVC resin, P.P, craft paper etc.

Key Facts

|                             |           |
