## About Us

Matrix Cosmec Pvt. Ltd. is a leader in telecom and security solutions designed for companies and conglomerates. Ventured into the business in 1991, the company is a trusted manufacturer and supplier of modern technology Project Bullet Network Cameras, Mini Bullet Network Cameras, CCTV Video Management System, Network Digital Video Recorder, and Instant Face Recognition Based Door Controller.

Established in 1991, we, Matrix Cosmec Pvt. Ltd., are a renowned manufacturer and supplier of Biometric Door Controller, Cosec Door Access Panel, Optical Finger Enrolment Reader, Mobile Application Software, Digital PBX System, and various others. With our innovative approach, a hunch for excellence, and dispensation toward quality, we have earned huge appreciation from customers all over India. We are located in Vadodara where we have created well-equipped facilities for design development, production, and quality control.

We design and manufacture products that are ideal for use in different industries and sectors including manufacturing, retail, BFSI, education, healthcare, hospitality, power, defense, and call center. Our security and communication products are perfect for us across these sectors. The products streamline the business processes, remove hassles, ensure round-the-clock surveillance, and seamless communication within and across locations.
