About Us

Galvanised products are used in a variety of industries, and our company, Parco Engineers (M) Pvt Ltd has been completing them with our one-of-a-kind collection. We are one of the fastest growing manufacturer, supplier, retailer and wholesaler of high-quality galvanised goods. We founded our business in the year 1999 and have since offered a wide variety of products to clients. Hot Dip Galvanized Cable Trays Supports, Hot Dip Galvanized Plates, Hot Dip Galvanized Angles, Hot Dip Galvanized Gratings, Galvanized Earthing Electrode, Hot Dip Galvanized Perforated Cable Tray, and more products can be availed from us. We have a team of professionals that employ cutting-edge manufacturing procedures to process such an astonishing range of products. Many of our clients have faith in us since we offer high-quality items at economical prices.

Customers can avail galvanised products from a variety of companies, but not all of them can maintain the excellent quality of their products. Our company, Parco Engineers (M) Pvt Ltd unlike the others, always provides high-quality galvanised products to customers. Our facility is established in the city of Mumbai, Maharashtra, India, where we manufacture a variety of products including Hot Dip Galvanized Channels, Hot Dip Galvanized Angles, Hot Dip Galvanized W Crash Guard Barrier, Hot Dip Galvanized Beams, Hot Dip Galvanized Ladder Cable Tray, Hot Dip Galvanized Earthing Flats, and so on. Every product is developed with the most up-to-date manufacturing procedures and checked to be meeting with highest quality specifications. Furthermore, we ensure that customer orders are delivered on time to their intended location.
