

Architectural Presentation Sheet

MULTI-ANGLE ELEVATOR LOBBY VISUALISATION • 1000 × 1000 PX GRID

Project Overview

This document presents a comprehensive multi-angle visual study of a contemporary elevator lobby design. Featuring minimalist wood-veneer paneling, integrated ambient cove lighting, polished metallic elevator doors with decorative laser-cut mesh patterns, and clean white porcelain tile flooring, this layout balances luxury with modern functionality.

Multi-Angle Perspective Grid (4-Panel View)
