Baby Care Product...

MOTHER'S FIRST CHOICE

A Guide for First-Time Parents

- ◊ Wash/Sanatize your hands before handling your baby.
- ◊ It is good to breastfeed your baby as soon as he is born, and those first milk feeds nourish your baby
- ◊ Feed your baby every two or three hours, or whenever he/she seems hungry.
- ◊ Do skin to skin contact. Feeling, hearing and smelling.
- ◊ Your presence should provide your baby with a sense of calm and security.
- ◊ Support your baby's head and neck for first few months.
- ◊ Avoid using strong scented perfumes or lotions .
- ◊ Babies usually love vocal sounds, talk to your baby in soft tones and 'baby talk'.
- ◊ Newborns need to get lots of rest to continue growing healthy and strong.
- ◊ To avoid diaper rash, change your baby's diaper as soon as you notice that it's soiled.
- ◊ Take care of your skin and stay hydrated.

About Us:

We introduce ourselves as one of the Leading ,well established manufacturer & **ISO certified Company** in this Industry of Quality **Baby Care Products** in India. We are currently marketing the same all over India under the brand name of **“DUCK” by We Care Solutions.**

The company is catering to meet the requirement and taste of all kind of customer through out India. We believe in the power of a child’s imagination. Our toys and products encourage kids to be imaginative, creative and to explore the world around them.

All the goods are carefully inspected and checked to meet international quality standards, broadly categorized to Feeding bottles, Toys, Rattles, Soothers, Nipples, Cups, Teethers, Booties, etc & each item bears an appealing aesthetic presentation maintaining highest degree of hygienic value.

With over 28 years of specialization in the design and manufacture of baby products, “DUCK” brand is highly committed to continuous innovation and quality up gradation to fulfill the needs of its customers. Millions of children have grown up using our products.

 Duck brand strongly believes & promotes the philosophy of using recyclable plastic & conservation of earth. We use best quality recyclable products
