

## LIQUID FILLING MACHINE

We offer filling machine ideal for packing of filling product at any kind of liquid. Easy to operate energy efficient and cost effective the filling machine offered by us available in different models to diverse application liquid piston filling is best suited for medicines, Pesticides, chemicals, oil and etc.

- ▶ Available in PLC controlled systems.
- ▶ Volumetric pneumatic -piston filling technology.
- ▶ All type of free flow products.
- ▶ Fill from 10ml to 50ml, 50ml to 300ml, 100ml to 1liter above.
- ▶ Without any change part and upto 5 liters in multiple strokes.
- ▶ Available heat resistant cylinder and chemical resistant and jacketed hopper for hot filling.
- ▶ Foaming and Spillage controlling in Diving nozzle mechanism.
- ▶ Available as a semi and automatic 1 to 6 Head.

## PICKLE FILLING MACHINE

Pickle filling machine which is useful for bottle and high weight pet bottles filling for Mango, Lemon, Mix pickle suitable for bottle filling machine and filling equipment is with filling Hopper and provision of suitable Nozzle is made.

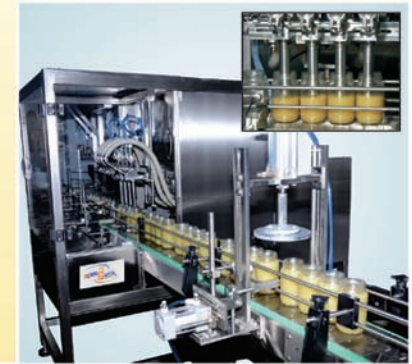

- ▶ Fill all type of Hard shell pickle.
- ▶ High capable of cutting any hard shell during filling.
- ▶ PLC control system.
- ▶ Available from 100gm to 1kg with single stroke.
- ▶ 2.5kg to 5kg Double stroke.
- ▶ Volumetric pneumatic Piston filling machine
- ▶ Pickle transfer pump to load pickle from ground level to machine Hopper.
- ▶ Ramming device to remove entrapped air by ramming the pickle.
- ▶ Special Rotating stirrer in Hopper.
- ▶ Online oil trapping machine
- ▶ Available accessories like Air jet, Vacuum cleaning / Bottle cleaning system/UV chamber /Nitrogen flushing can be attached in the machine.
- ▶ Available Heat resistant cylinder, chemical resistant and Jacketed Hopper for Hot filling.

## VISCOUS FILLING MACHINE

The viscous filling machine is high precision filler meant to dispense viscous product into bottles. Our viscous filling suitable for food product such as Juice, Edible Oil, Non-carbonated, beverage and Automobile, Jam and etc.

- ▶ Available in PLC controlled system.
- ▶ Volumetric pneumatic -piston filling technology.
- ▶ Fill from 10ml to 50ml, 50ml to 300ml, and 100ml to 1liter and above.
- ▶ Without change part and upto 5 liters in multiple stroke.
- ▶ Available Heat resistant cylinder and chemical resistant and jacketed hopper for Hot filling.
- ▶ Special Stirrer in the Hopper.
- ▶ The product which can filled like Cream, Lotions, Pre-Cooked, Masala, Pastes, Ghee, Honey, Jam, chavanprash and etc.
- ▶ Foaming and Spillage controlling in Diving Nozzle.

## PESTICIDES & BIO FILLING MACHINES

We offer filling machine ideal for packing of filling product at any kind of liquid. Easy to operate energy efficient and cost effective the filling machine offered by us available in different models to diverse application liquid piston filling is best suited for medicines, Pesticides, chemicals, oil and etc.

- ▶ Available in PLC controlled systems.
- ▶ Volumetric pneumatic -piston filling technology.
- ▶ All type of free flow products.
- ▶ Fill from 10ml to 50ml, 50ml to 300ml, 100ml to 1liter above.
- ▶ Without any change part and upto 5 liters in multiple strokes.
- ▶ Available heat resistant cylinder and chemical resistant and jacketed hopper for hot filling.
- ▶ Foaming and Spillage controlling in Diving nozzle mechanism.
- ▶ Available as a semi and automatic 1 to 6 Head.
