About Us

Since 2013, SNB Ispat Corporation has been a trusted trader and supplier of high-value steel and wire products to a variety of industrial, infrastructure, fabrication and construction industries. We are based in Raipur, Chhattisgarh, in India and trade in MS channels, MS beam, flat bar, barbed wire, binding wire and wire mesh that are all known for their high material quality, dimensional accuracy and reliability. Our products are designed to provide strength, durability and reliability even in the most challenging operating environments. We are dedicated to maintaining high-quality standards and meeting customer needs, which ensures a reliable supply of affordable solutions that cater to different project requirements. With industry experience and an effective supply chain, we aim to provide our clients with products that help us deliver infrastructure, engineering and fabrication projects successfully and with the highest quality of service and reliability. We are continuing to build long-term client relationships in multiple industries through offering high-quality products, delivering dependable service, and providing value for money. The goal is to provide steel products and to play a key role in the achievement of projects by consistency, trust and professionalism.

SNB Ispat Corporation was founded in the year 2013 and is a leading trader and supplier in Raipur, Chhattisgarh, India. Our expertise lies in supplying MS channels, MS beam, flat bar, barbed wire, binding wire and wire mesh for an array of applications, such as industrial, construction, engineering and infrastructure. Our dedication to quality, reliability, and customer satisfaction has allowed us to establish long-term relationships with our clients from different industries.
