About Us

J. D. Mechanization is a dedicated manufacturer and supplier of an assorted collection of Industrial Products that discover applications in automation, electronic and different enterprises. As a Maharashtra (India) based brand, we entered the industry in the year 2014. Using progressive techniques, we are manufacturing Pmdc Motor, Pmdc Geared Motor, Ac Geared Motors, Helical Geared Motor, Aluminum Worm Gear, Gear Boxes, Speed Controllers Motors, Pumps, DC Drives and many more. To accomplish fabricating Excellence, we outline and build up all machines by utilizing segments that have been procured from driving merchants of the business and tested by our quality control specialists. Accessible in various specialized specifications so that we can fulfill the diversified demands of all our customers effectively. We are interested in receiving inquiries for bulk quantity.

There is no company in the whole world which can win customers hearts by offering low quality products. Therefore, our company emphasize on providing nothing less than the best to our esteemed customer base. Gear Boxes, Speed Controllers Motors, Stepper Motor, Smart Micro Steeping Drive, AC/DC drives, etc. are manufactured by using components that are tested by our industrial experts. The entire range is passed through a series of quality checks to ensure that they are capable of meeting industrial standards. Further, use of technically advance equipment and machines in the manufacturing process enables our engineers to meet technical specifications for each product. As a result of dedicated efforts of our quality experts, we continuously surpass industrial parameters and prove our domain expertise.
