## About Us

Rajlaxmi Engineering Corporation was incorporated in the year 1983 at Nagpur, Maharashtra, India. It is a leading manufacturer and supplier of high-quality industrial machines, such as Neem Oil Mill, Cold Press Oil Machine, Mini Chaff Cutter, Neem Fruit Pulverizer, etc. Our products are put into use for cutting, grading, heating, pressing, cleaning, and boiling operations in various industries. Relying on premium-grade components and latest technology, the manufactured machines are of premier quality.

We take pride in our state-of-the-art infrastructure that helps us to achieve efficiency and precision in production. We categorize our facility into smaller units like manufacturing, quality testing, warehousing, packaging, R&D, and sales & development. All these subunits are provided with modern machines and technologies to enable us to fulfill large-scale and urgent client orders. Our professionals are adequately equipped for operating these machines with precision and delivering on schedule while ensuring high output quality. We have continuous training and development programs that make them expert and knowledgeable on the latest industry advancements. We are registered with NSIC as approved suppliers as well.

Our company is guided by Mr. Manoj Hemrajani (Proprietor), whose deep knowledge in business development and client-centric approach allows us to cater to our customers needs effectively.
