About Us

F.B.Axles Pvt. Ltd. is a well-established company in the market for industrial products. We started our business in 1994, and since then we have never looked back and have set milestones as a manufacturer and supplier of Constant Velocity Joint, Front Axle Bearing, CV Joint, Drive Shaft, Tripod Bearing, etc. These are made with care by our skilled experts, following industry defined quality norms and guidelines. The products are praised for their precision engineering, robust construction, resistance against wear and tear, anti-corrosive surface, and many other amazing features. Their availability in different sizes, grades, and specifications further gives our customers more reasons to choose us over other companies. Furthermore, the affordable price tags of our products are another major reason for our regular business in the market.

Operating since 1994, we, F.B.Axles Pvt. Ltd., have become a famous company in the markets of manufacturing and selling Drive Shaft, Tripod Bearing, Constant Velocity Joint, CV Joint, Front Axle Bearing, etc. Each of our products is outstanding in terms of quality due to being precisely made from tested raw materials in compliance with the industry set norms. We delight customers not just with the quality of our products but also with our reasonable prices and trade practices. We take strict measures and actions to ensure perfection in all that we do. Our zeal for perfection is constantly making us attain growth and prosperity in the business line. Further, we are blessed to have an excellent work environment on our premises due to the combined efforts of the appointed team and the guidance of our mentor, Mr. Saran Preet Singh.
