## About Us

Rcon Engineering was founded to cater to the growing requirement for industrial products and related products. The items that we offer to our clients include Mild Steel Shuttering Runner, Mild Steel Centering Plate, Shikanja Shuttering Clamp, Scafor Adjustable Prop, Steel H Frame Scaffolding, U Jack, and more. Owing to our hard work and dedication, we are today known in the industry as one of the most trustworthy manufacturers and suppliers. The raw materials that are needed for the manufacture of our products are sourced from some of the most trusted vendors in the market. These people have years of industry experience and are well versed in what they do. Our supplied products find their use in various industries all across the country. We are well equipped with the best and latest tools and machines needed for the manufacture of our products. We upgrade our assets according to the requirements of our company and make sure that there are no hurdles in our production capacity.

Established in 2006 in Rajkot, Gujarat, India, Rcon Engineering deals in industrial products such as Measuring Box, Prop Nut, Mild Steel Single Clip, Prop Sleeve, Strapping Tensioner, Suspended Platform, and more. As a leading manufacturer and supplier, we feel it is our responsibility to provide our clients with products that are worth the price they have invested in them. Our products are appreciated by our clients for their durability, strength, and high efficiency. Over the years, we have established a name for ourselves in the market. Our more than 16 years of market experience help us with that. Our clients and vendors trust us, and we make sure not to let them down. We have set the prices of our products at a nominal level so that everyone can easily afford them.
