About Us

Gangajal R.O. Systems Pvt. Ltd. is a leading manufacturer and trader specializing in comprehensive water purification solutions, including Water Purifier and Industrial RO System. Established in 2008 and headquartered in Delhi/NCR, Gangajal has grown steadily to become a trusted name in the water treatment industry, serving a wide customer base that spans both private and government sectors. Backed by over a decade of experience, Gangajal R.O. Systems is recognized for delivering high-quality water purification products and services that meet diverse needs whether for households, offices, industries, or large commercial enterprises. We take pride in being an ISO 9001:2015 certified company that adheres strictly to international quality and environmental standards, including ISO 14001:2015, ISO 45001:2018, CE, ROHS, WHO GMP, and others. Our certifications reflect our unwavering commitment to safety, quality, and environmental responsibility.

Our company's core strength lies in our team of seasoned professionals and experts with extensive knowledge in water and wastewater treatment technologies. Led by a management team with rich industry experience, Gangajal excels at designing, developing, and implementing turnkey water projects from initial concept to full commissioning. We operate through three specialized business units, each functioning as an independent profit center, enabling us to focus intensively on different aspects of water and wastewater treatment and deliver customized solutions to our clients.
