## About Us

Popular as an eminent exporter and importer, we, Texzium international Pvt. Ltd. are trusted by customers for our quality standards. We have been making available the best gamut of Pin Lock Assembly Machine, Industrial Auto Metal Chain Polishing Machine, Industrial Plastic Zipper Injection Molding Machine, etc. Our offerings exhibit features such as durability and high resistance against corrosion. The machines we make available are the marvelous creations of some of the eminent manufacturers situated in countries like China, Taiwan and Korea. We are associated with them and our trustworthy partners have been supporting us in satisfying the needs of customers with perfection.

Along with our qualitative array of machines, we also offer greatly reliable Super High Speed Needle Loom Machine Repairing & Installation Services. For providing the clients with better than expected results, we have earned the title of an entrusted service provider. In very less time, our business venture has become famous across the globe. Under the guidance of our mentor Mr. Gurjeet Nayyar, we are growing a bit everyday. His immense knowledge and huge experience is very helpful for the team, and because of that our members have been able to create long term relations with many clients.
