

## Ultrasonic Trademark Cutting Machine (SE-CJQ1526)

### Summary

Smooth and tidy cutting edge, free of burr or fuzzy edge, optimum cutting ; Used mostly for strip cotton tapes, nylon tapes, strip ribbon, shaped into circle, swallowtail, rhombus, etc

## Technical Data

<b>Model</b>	<b>SE- CJQ1526</b>
<b>Voltage</b>	<b>220V</b>
<b>Power</b>	<b>1500 W</b>
<b>Frequency</b>	<b>20KHZ</b>
<b>Weight</b>	<b>125kg</b>
<b>Size</b>	<b>1300*550*1400MM</b>
<b>Productivity</b>	<b>200-250 Pcs/min</b>

## Functions and Features

- ✓ Smooth and tidy cutting edge, free of burr or fuzzy edge, optimum cutting
- ✓ PLC control automatic feeding, computer counting, high precision, high speed, simple length adjustment, high efficiency and concurrent cutting.
- ✓ Used mostly for strip cotton tapes, nylon tapes, strip ribbon, shaped into circle, swallowtail, rhombus, etc
- ✓ If the width of the tape that you want to cut is less than one inch, you can cut two pieces in one time.
