About Us

We, Magna Sign Corp, from just being a manufacturer of Mall Signage Board, 3D Box Type Signage, 3 D LED Acrylic Signage, etc., have come a long and glorious way to become a service provider and render CNC Router Cutting Job Work Services too. All the products and services we offer comply with the set industrial norms and are in congruence with needs of clients. Our quintessentially designed products are highly demanded in the market due to their high quality and low prices. Guided by our mentor, Mr. Jenil Shah, we have been able to reach the peaks of success and set an example for the rest of the companies in the market. Moreover, we use up-to-the-minute machines like cutting machines, welding tools and more in our production house to bring forth a range of 3D Outdoor LED Signage, ACP Exterior Cladding, etc., to be widely used in commercial spaces, corporate offices and industrial sector. We also offer their related services (after sales & without sales).

Our company, Magna Sign Corp, was founded back in the year 2011 with its infrastructural base located at the prime location of Mumbai, Maharashtra, India. We have earned a reputed position in the market due to the high quality we offer through our products and services. The product range we offer includes Mall Entrance Signage, 3D Box Type Signage and ACP Commercial Cladding. We offer many advantages to our clients like quick query response, timely product delivery, highly competitive rates, etc. We share a strong bond with many customers also because of our honesty and commitment to be transparent in our business deals.
