About Us

Marine products play an important role in the safety, efficiency, comfort, sustainability, and economic development of the marine industry. They protect the environment, provide convenience, promote leisure activities, enable safer navigation, and support the economic development of countries across the world. At I Marine, we have dedicated ourselves to dealing with a range of Marine Products that are designed for use in marine environments, such as yachts, boats, and other watercraft. As a trader, we have maintained a huge portfolio, which consists of Boat Yacht Fender Cylindrical, Boat Yacht 12 Meter Green Navigation Light, Seaflo Bilge Pump Float Switch, PVC Flexible Ducting, Water Pump Rubber Impeller, LED Light Marine Compass, Searchlight Remote Control, and many other products. At our company, we understand the number of challenges that are faced while sailing at sea. With this understanding, we procure and supply products that are engineered to withstand the unique challenges posed by moisture, vibrations, saltwater, and other conditions encountered at sea. Each of the products that we have in our product-line is provided after complete quality assurance to ensure the safety of users.

We are more than just a trading company for marine products, we work as a trusted advisor in the marine industry. We have a team of highly knowledgeable professionals, who are passionate about boating, yachting, and the marine industry. With their support, we are providing exceptional customer service and products like Seaflo Bilge Pump Float Switch, PVC Flexible Ducting, Boat Yacht Fender Cylindrical, Boat Yacht 12 Meter Green Navigation Light, Water Pump Rubber Impeller, LED Light Marine Compass, etc. These experts properly assist customers every step of the way, from product selection to providing safety advice and guidance. If you have any questions related to our products, need suggestions, or require technical support, we are just a call or email away.

If you are in the business of supplying marine products, you must check our portfolio, capabilities, and policies. We are a customer-centred company, with immense passion for dealing with several marine products. When you choose us, you get a wide range of boat and yacht accessories, plumbing and pumping equipment, lighting and electrical equipment, inflatable boat accessories, and many other marine products at a single store.
