## About Us

Kumar Machine Tools was founded in 1991 by Late Shri Sudarshan Chopra with a sole aim of fabricating the highest quality and performance material handling equipment and machinery in the market at the right price. With extensive industry experience and the support of highly qualified professionals, the Delhi (India) based company has acquired a desirable reputation as a reliable Manufacturer, Supplier, Trader & Exporter in this domain. Implementation of modern techniques and utilization of premium raw material have enabled us to offer a variety of Industrial Hooks, Electric Hoists, Material Handling Accessories, Lifting Machines, Eye Hook, Chain Slings, Webbing Sling, Electric Winch, Electric Chain Hoist, Hand Pallet Truck, Electric Wire Rope Hoist, Snap Hook, etc. It is our sheer commitment to deliver impeccable quality in our equipment and services.

The company has a team of around 25 professionals, who implement an innovative approach and are sensitive to the specific requirements of the clients. They work in close proximity with the clients, understand their requirements and find the best solutions for them. As a result of our consistent performance in this field, we have won the support of a wide clientele in India, Sri Lanka, and South Africa
