

Disposable Syringes (All Sizes)

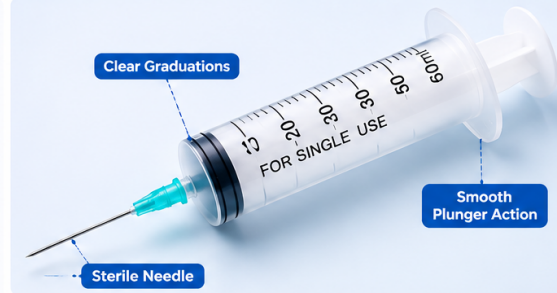

Disposable Syringes are sterile, single-use medical devices manufactured from high-quality medical-grade polypropylene for accurate fluid administration and medication delivery. Featuring a transparent barrel with clear graduations, smooth leak-resistant plunger, sharp stainless steel needle, and ergonomic finger grips, these syringes provide reliable performance in hospitals, clinics, laboratories, and healthcare facilities. Available in 2 ml, 5 ml, 10 ml, 20 ml, 30 ml, 50 ml, and 60 ml capacities, each syringe is individually EO sterilized and packed to ensure maximum safety and hygiene.
