

Plastic Dustpan

Lightweight and practical dustpan for everyday home and commercial cleaning.

Product Description

This Plastic Dustpan is designed for convenient collection of dust, dirt, crumbs and dry household waste. Its broad scoop helps gather debris efficiently, while the raised sides help keep collected material inside the pan during cleaning. The long handle provides a comfortable grip and the hanging hook makes storage easy.

The dustpan is suitable for homes, offices, shops, kitchens, schools, hotels and other routine cleaning environments. Its lightweight construction makes it easy to handle and store after use.

Key Features

Specification	Details
Product Type	Plastic Dustpan
Material	Lightweight plastic construction
Design	Wide scoop with raised side walls
Handle	Extended handle with hanging hook
Edge	Front cleaning lip for easy debris collection
Suitable For	Dry dust, dirt, crumbs and light waste
Applications	Home, office, shop, kitchen, school and commercial cleaning
Maintenance	Easy to clean and store

Benefits

- Lightweight and easy to handle.
- Wide scoop helps collect dust and debris efficiently.
- Raised sides help reduce spillage while transferring waste.
- Convenient hanging hook for compact storage.
- Suitable for regular household and commercial cleaning.
- Easy to wash and maintain.

Ideal Applications

Ideal for sweeping and collecting dust in bedrooms, living areas, kitchens, offices, retail stores, schools, hotels and other indoor cleaning spaces.

Care Instructions

After use, empty the collected waste and rinse or wipe the dustpan as required. Allow it to dry before storage. Store in a clean, dry place when not in use.

Note: Product color and minor design details may vary depending on production batch and display settings.
