About Us

Radha Agro Industries was founded in 1989 to offer manufacturing pallets to facilitate efficient supply chain operations. We are happy to announce that, after more than 30 years of expertise, we now work with local, national, and worldwide businesses that deal with food, pharmaceuticals, and brick exporters, among other things. The list of our clients is endless as we are able to cater to all of their logistical and business needs. Our name is presently among the Top Pallets Manufacturers, Suppliers and Traders in Ludhiana, in the state of Punjab, India, providing Euro, Industrial, Collar, and Heat Treated Pallets upon request, due to the dedication and expertise of our gifted team members. We excel in supplying and trading of raw spices in addition to our proficiency with construction equipment like Formwork Accessories, Horizontal Ledger, Scaffolding Base Jack, Stair Treads, and so on. Our selection includes a broad range of spices that are purchased from reliable vendors to improve the flavours of culinary treats.

Mr. Nishant Sama, who formed this company, has been the inspiration for its development. Mr. Sama has got the years of experience in the pallet and box business. He also serves as the head of the organization's industry cell in Ludhiana. His accomplishments have garnered him the admiration of many, and he is skilled at motivating others to reach their objectives.

We prioritize quality assurance at Radha Agro Industries to ensure customer happiness. Our production procedures follow strict quality standards, ensuring the longevity and dependability of our goods. We obtain raw materials from reputable vendors and our competent employees who perform meticulous quality checks at every stage of manufacturing. We maintain consistent quality throughout our varied variety of products, including scaffolding equipment, stair treads, raw spices, and wooden pallets, by focusing on accuracy and attention to detail. You can rely on us for top-notch goods supported by a reliable quality assurance system.
