About Us

We, Amit Hydrocolloids are proud to present ourselves as manufacturers and suppliers of Hydroxypropyl Methyl Cellulose Powder, Methyl Hydroxyethyl Cellulose Powder, Calcium Carboxymethyl Cellulose Powder, Sodium CMC Powder, Sodium Alginate, and more. We maintain a strong presence in all over the country, collaborating with leading manufacturers and industry pioneers. All our products are available for our clients at market-leading costs. Moreover, our strong logistics and delivery team helps us ensure that all the items reach our clients within the stipulated time frame.

It is often observed that all significant achievements have modest beginnings. Amit Hydrocolloids commenced its journey in 1978, in Vadodara, Gujarat, India, under the visionary leadership of our Founder Director, Mr. Chinubhai Shah. In 1992, Mr. Amit Shah assumed leadership of the Group, which led to an expansion of our scope. We ventured into the research of various new products and explored opportunities across multiple industries. His relentless pursuit of knowledge and commitment to staying abreast of advancements in the field fostered a culture of rigorous inquiry. This foundational culture has driven all our research and development initiatives. As a result, the past decade has witnessed a tenfold increase in our client base and product offerings, alongside significant enhancements in our production capabilities. With over 28 years of experience in the specialty chemicals sector, we are able to manufacture and supply items like Microcrystalline Cellulose Powder, Methyl Hydroxyethyl Cellulose Powder, Calcium CMC, Carboxymethyl Cellulose Powder, Sodium CMC Powder, Sodium Alginate, Sodium Starch Glycolate, Crosscarmellose Sodium, Locust Bean Gum, Gum Carrageenan, Ice Cream Stabilizer, PGA, Alginic Acid, Xanthan Gum, Modified Starch and more.
