## Paper Core Cutting Machine ( Skeleton Machine )

The Paper Core Cutting Machine is a highly efficient and reliable tool designed to cut paper cores with precision and ease. This machine is ideal for industries that require accurate and consistent cutting of paper cores for various applications, such as packaging, textiles, and printing.

### Key Features:

- **High Precision:** Ensures accurate and clean cuts for various sizes of paper cores.
- **User-Friendly Interface:** Simple controls and an easy-to-read display for effortless operation.
- **Durable Construction:** Built with robust materials to withstand heavy-duty use in industrial settings.
- **Versatile Applications:** Suitable for cutting a wide range of paper cores used in different industries.

- **Efficient Performance:** High-speed cutting mechanism increases productivity and reduces downtime.

## Product Details Of Paper Core Cutting Skeleton Machine

- Automation Grade:-Manual
- Base Plate:-STEEL
- Voltage:-230V, HZ
- Type:-SKELETON
- Brand:-OCTAGON
- Country of Origin:-Made in India

## Applications:

- **Packaging Industry:** Cuts paper cores used in packaging materials and products.
- **Textile Industry:** Prepares paper cores for use in textile manufacturing processes.
- **Printing Industry:** Cuts paper cores for use in printing and paper conversion.
- **Research and Development:** Used in laboratories for preparing paper cores for testing and analysis.

## How to Use:

- This is a manual cutting machine. The cutter position can be moved from left to right by hand push.
- It can be designed based on customers' requirements.

- Sturdy design made from Heavy duty CI/MS Wall or Channel/Angle Structure
- It comes with Burr free smooth cutting
- We use Specially designed high quality HSS Rotary Blades for paper core cutting Machine
- We design machines based on customer needs only.
- Our machine operation is very Simple and Easy for machine operators.
- Minimum cutting can be 10mm onwards.
- We have a variety of ranges from Automatic to Semi-automatic, Pneumatic to Manual, and Single Cut to Multi cut based on customer's need.

### Maintenance Tips:

- Regularly clean the cutting platform and blades.
- Sharpen or replace the blades as needed to maintain cutting precision.
- Lubricate moving parts to ensure smooth operation.
- Store in a dry and clean environment to prevent damage.

### Why Choose Our Paper Core Cutting Machine:

- **Precision and Reliability:** Our machines provide highly accurate and repeatable results, ensuring that your products meet the highest quality standards.
- **User-Friendly Interface:** Designed with the user in mind, our machines feature intuitive controls and easy data management.
- **Versatility:** Suitable for a wide range of materials and industries, from packaging to textiles.
- **Compliance:** Adheres to international testing standards, ensuring that your products are compliant with industry regulations.

For more information on our Paper Core Cutting Machine or to request a quote, please contact Us.

## Why Choose Us?

- **Expertise:** Over 25 years of experience in the printing industry.
- **Innovation:** Commitment to modern technology and continuous improvement.
- **Quality Assurance:** Rigorous quality control processes to ensure product reliability.
- **Global Presence:** Serving clients worldwide with 24/7 customer support.

## Core Cutting Machine ( Fully Covered )
