About Us

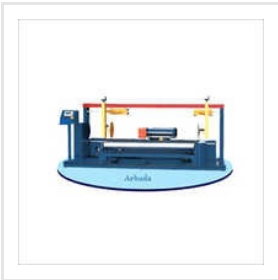

Rapid technological development have led to the introduction of various machines in the market, mainly for reducing human errors and carrying out various tasks with perfection. We Arbuda Packaging Machinery, were established in 2016 as a manufacturer, supplier, and trader of high-end machines that are designed to assist workers in their day-to-day work. Our offered range includes Semi Automatic Box Strapping Machine, Fully Automatic Box-Strapping Machine, Inspection Conveyor, Heavy Reel Stretch Wrapping Machine, Shrink Tunnel Machine, Heavy Reel Stretch Wrapping Machine, Web Sealer And Shrink Tunnel Machine, Online Check Weigher, etc. These products are integrated with the latest technology and help in task accomplishment with great ease, therefore greatly reducing the workload.

Products we offer are widely used to package various goods in industries like food & beverage, automobile, medical, electrical, packaging, etc. Alongwith a product range that caters to needs of a host of industries, we are also preferred as a supplier for our easy payment modes, crystal clear business dealings and timely delivery. All these factors have helped us gain the maximum satisfaction of our customers. Quality is important for us, and we have quality auditors to conduct stringent quality test at all stages of production to ensure the delivery of the best possible products. Our strict adherence to quality standards has helped us garner goodwill of a large clientele spread across the domestic market.
