About Us

We, SVR Alloy Castings, incorporated in the year 2008, have emerged as a reliable manufacturer, supplier and service provider of a broad range of engineering goods. With a high turnover of almost Rs 1.3 Crores, we are climbing the success ladder on a fast pace continuously. Our product range includes Excavator Bucket Tooth, Excavator Bucket Adapters, Copper Alloy Castings, Alloy Cast Iron Castings, Alloy Steel Castings, Casting Tooth Points, Bemi Bucket Tooth Points and many other. We obtain high grade raw materials and components from prominent vendors for designing our products as per international norms. In addition to this, we are rendering Steel Job Works.

Excavator Bucket Adapters & Excavator Bucket Tooth find their application in the manufacturing of construction machinery like loaders, excavators, bulldozer, material handling machinery, mining machinery and many other. Attributes like resistivity to corrosion, precise engineering, durability, and flawless construction of our products are pivotal reasons behind the rising demand of our gamut.

We are backed by a brilliant research and development team, which continuously work towards bringing forth new developments and production methodologies. Owing to this, we have been able to improve the quality of our products and beat our market competitors. Moreover, we, being a customer centric organization also provide customized manufacturing facility for the benefits of our clients.
