About Us

Incorporated in the year 2009, G N Engineering Works is one of the fastest growing industrial process control & automation company which is providing excellent automation products & industrial instrumentation consulting solutions in the market. Being a notable manufacturer and service provider, we design and develop supreme quality Electronic Hardware and Automation Instruments using advance technology. Further, we render customize services for Designing, Consultation, After Sales Support, Repairing, Maintenance, Installation and Commissioning of Control Panels, under a single umbrella. Being a customer oriented organization, we are committed to provide top class products & solutions to our clients as per their changing requirements.

Our products like V Notch Valve, Globe Valve, Pneumatic Globe Valve, Pressure Gauge, etc. exhibit features such as high corrosion resistance, accurate designs as well as durability. We offer these products at market leading prices so maximum customers can easily afford our range. Other than the products we manufacture in-house, we are trading other brand products like Waaree Pressure Gauge, ABB VFD, Fluke Source Meter, Honeywell PID Controller, Horner HMI, Schneider Single Acting SOV and Siemens Smart Positioner. Clients are assured that every product we manufacture and supply undergoes several tests before its delivery. Items that receive approval from experts are only delivered to clients. We value the investment of money and time of customers more than anything. Even we believe they reach us as they trust us. In return of these things, we strive to provide them with world class services. From offering an exceptional quality range to always reach at clients' door on time, we impress them through many ways.

Key Facts

No of Staff	10
Year of Establishment	2009
No of Production Lines	1
OEM Service Provided	No
Monthly Production Capacity	Depend on order

Our Products

Touch Panel Electric HMI

Digital PID Controller

Digital Pressure TX Transmitter

Pen Type Pressure Transmitter

YT 2500 Smart Positioner

YT 1000L Smart Positioner

YT 3300 Smart Positioner

LED Display PID Controller

Pressure Gauge

Single Acting Solenoid Valve

Industrial Electric HMI

Electro Pneumatic Positioner

V Notch Ball Valve

Level Transmitter

Pneumatic Control Valve

Pneumatic Positioner
