

SUNY STELLAR S250R AIR DRYER

Technical Reference Sheet & Multi-Angle Equipment Showcase

Angle 1: Standard Isometric View

Primary installation perspective showing full control interface and front ventilation layout.

Angle 2: Mirrored Plan Profile

Reversed visual orientation optimized for architectural design integration and alternative manual placement.

Angle 3: Ground Low-Angle View

Elevated view tracking focusing on structural chassis stability and ground clearance parameters.

Angle 4: Core Equipment Zoom

Cropped macro detailing maximizing visibility across the primary heat-exchange mesh grille and logo casing.
