About Us

Everest Industries is one of India's fastest growing building solutions company with over 8 decades of experience. Incorporated in 1934, Everest has been a pioneer of fibre cement boards and panels that allow for strong, light, rapid and durable construction of residential, commercial and industrial infrastructure.

We distribute our products across 1 Lac villages and 600 cities, through 6 state-of-the-art facilities 7000 outlets and 38 sales offices.

Everest Industries Limited started as a roofing company but transitioned to a complete building solutions provider. Today, we are known as a leading manufacturer of Everest Fibre Cement Boards, Everest Artescape False Ceiling, Everest Artestone, Everest Artewood, Everest Rapicon Wall and many other new-age building solutions.

Since inception, we have been setting benchmarks in the industry by consistently introducing innovative building products for the commercial & industrial sector and solar rooftops. With our range of fibre cement boards and panels, we are providing light, strong, rapid and durable construction solutions for commercial, residential and industrial infrastructure.

All the offered Boards and Panels of our company are made using Hatchek process enabled with HPSC (High Pressure Steam Curing) technology, which offers them features such as fire-resistant, moisture-resistant and termite-resistance. The materials we use have competitive edge to other wood based alternatives. We make use of eco-friendly materials that make our boards and panels find their use for numerous ceilings, walls, facades, claddings, wall partitions, pre-fab structures, drywalls, interior and exterior wall linings and mezzanine floors.

Why Us?

You must deal with our company for buying Everest Artescape False Ceiling, Everest Fibre Cement Boards, Everest Artewood, Everest Artestone, Everest Rapicon Walls etc., because of our below cited qualities:

- ✿ Largest boards selling brand in India
