About Us

Shivalay Prefab Solutions is a key trader, service provider, and supplier of a high-quality, affordable, and tested array of prefabricated bungalows and prefabricated cottages. The company was incepted in 2022 to revolutionize the establishment's development strategies by providing pre-assembled cabins and houses that encapsulate class and style. We have been taking care of the different requirements of clients who are looking to create fantasy homes with speed and accuracy.
